

Globalstar GCK-1410 Hands-Free Car Kit

When your vehicle is often your office, the Globalstar Hands-Free Car Kit offers flexibility and additional convenience to those who frequently travel in areas where cellular or radio coverage is unavailable. Whether used for voice or data applications, the Globalstar Hands-Free Car Kit is used with the GSP-1600 Globalstar Handheld Tri-Mode Phone, which slips easily into and out of the car kit cradle.

The Globalstar Hands-Free Car Kit enables the Globalstar Tri-Mode Phone to be used as a mobile telephone in an efficient and safe way. When background noise makes conversation difficult, the optional privacy handset, or headset can be used. A professional mobile phone car kit installer can easily install the GCK-1410's modular components in most vehicles.

HANDS-FREE CAR KIT ADVANTAGES:

- In-vehicle operation of the Globalstar Tri-Mode Phone (GSP-1600)
- Hands-free operation
- Charges the GSP-1600 phone battery
- Modular components for easy, ergonomic installation
- Optional Privacy Handset or Headset
- Data capabilities

DATA SERVICES:

Through the Hands-Free Car Kit, Globalstar offers affordable and reliable 9600 bps data services. Subscribers can access data services through the Globalstar network or through direct dial-up services from virtually anywhere in the world. By connecting the Car Kit to a computer with a 9-pin RS232 cable, sending and receiving information has never been easier.

GCK-1410 INCLUDES:

- Magnetic, roof-mounted Globalstar satellite antenna
- Globalstar Electronics Module (GEM)
- Cradle
- Cable assembly
- Hands-Free Microphone
- Hands-Free Speaker
- Standard 16 ft (5 m) antenna cable length
- Optional Accessories (not included) – Privacy handset or headset
