BlueAnt<sup>®</sup> is the Bluetooth technology company that

**simplifies** every aspect of your mobile communications

choice by giving you products with an **iconic design**,

best-in-class **voice isolation** and **voice control** features.

## The BlueAnt S1: Sun Visor Bluetooth Handsfree with Multipoint

- The **BlueAnt S1** - a sophisticated & stylish next generation Bluetooth handsfree - provides the user with the truly hands free experience
- **True Handsfree** - the S1's voice prompts tell you the number of the incoming caller - simply say "Answer", "OK" or "Accept Call" to answer the call
- **Multipoint** allows you to connect two phones and answer the one that rings
- BlueAnt's **Voice Isolation Technology** results in outstanding noise, wind & echo cancellation
